# TO OUR FLORIST CUSTOMERS

## The Templin-Bradley Co. Florist Wholesale Department 5700 Detroit Ave., Cleveland 2, O.

### To Our Florist Friends—

The seed you sow in your greenhouse this year will produce flowers and vegetables for which there is a ready market, at good prices and with good pay assured for your credit sales.

Oh-Boy, if that were only all! It isn't, for we are at war and problems of labor and fuel shortages make us all work longer and harder, and stimulate worry about making a crop.

One redeeming feature is that practically every business man in other lines, with whom I talk, has some problems that I wouldn't wish to swap for some of mine. You've noticed that.

Florists have investigated many ideas to help them through this war period. The one that sounds most sensible to me is to make plans as large and with as much enthusiasm as though there were no war. Then, trim it down to fit the labor and fuel available. That may mean nothing more in some houses than cutting off some operations that are not vital. In others, it may mean shutting off one or more houses to bring work into smaller compass with resulting labor and fuel saving. Any of these things require courage, for we all like to go on along the familiar road.

Most important to my mind is that we back up the boys and girls from your family and organization who have entered the armed services. If you have any, I'll bet you are doing less plain complaining than those who have none in uniform. I hope yours will come back to you safely and that all of us will have the courage, common sense and strength to solve our civilian problems. Good luck, in this to you.

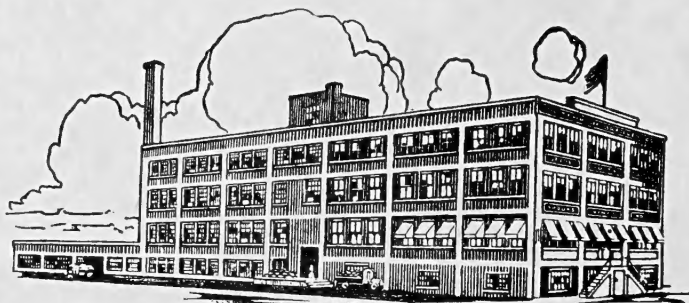

We'll do our level best to serve you properly when your orders come in.

*Aloyd Bradley*  
President.

## Select Greenhouse Forcing Strains

### Pink and Rose

**Apple Blossom Cheviot Supreme.** (Windmill) A beautiful soft pink with good spike and stem, strong grower and productive. Holds its color well through February when it is at its best but deepens in color on later crops. Tr. Pkt. \$1.00; 3 for \$2.50.

**Better Times.** (Windmill) A cerise Christmas Cheer of a rich deep cerise that is sure to be popular. An easy grower and sure bloomer. Tr. Pkt. \$2.00; 3 for \$5.00.

**Cheviot Maid Supreme.** The standard for a deep rose pink. Tr. Pkt. \$1.00; 3 Pkts. \$2.50.

**Christmas Cheer.** (Windmill) First cross hybrid from Rose Pink Cheviot, very early, productive, excellent stem and spike and fine color. Has made many friends as the best all around pink. Good at all times and never stops. Tr. Pkt. \$2.00; 3 Pkts. \$5.00.

**Giant Cheviot Briar Cliff.** (Windmill) Beautifully formed spikes of large well placed flowers in the popular Briar Cliff color. A giant strain that is proving very satisfactory. Tr. Pkt. \$1.00; 3 Pkts. \$2.50.

**LaFrance.** (Windmill) Beautiful soft rose pink, a shade much in demand. On strong sturdy stems, good sized spikes and well placed individual blooms, this variety is attractive and very popular. Tr. Pkt. \$1.00; 3 Pkts. \$2.50.

**Improved Radiance.** (Windmill) Deeper in color, stiffer in stem, earlier than the original strain, giant in spike, base-branching, semi-dwarf and non-shattering. Tr. Pkt. \$2.00; 3 Pkts. \$5.00.

**Rose Pink Cheviot Supreme.** (Windmill) Very early, with intense color, hard wiry stems, small foliage and medium spike. An excellent keeper and shipper. Tr. Pkt. \$1.00; 3 Pkts. \$2.50.

**Rose Queen.** The finest deep rose-pink, blooming slightly later than Cheviot Maid. Tr. Pkt. \$1.00; 3 Pkts. \$2.50.

**Terrys Surprise Improved.** A rich rose shaded with orange producing a bronzy orange-pink. Tr. Pkt. \$1.00; 3 for \$2.50.

### Mixed

**Forcing Strains Mixed.** A splendid mixture of the best colors. Tr. Pkt. \$1.00; 3 Pkts. \$2.50.

### Rust-Proof Maximum Types

**Loveliness.** A beautiful, soft rose pink.

**Alaska.** Pure white, base-branching.

**Copper King.** Shades of copper, from a coppery old gold to the deep copper orange.

**Crimson.** A fiery crimson. Individual flowers unusually large. An excellent variety.

**Fair Lady.** A beautiful rose pink with white tube. A vigorous grower and gives good stem length.

**Paradise Rose.** A soft delightful rose pink. Of fine flower form with larger and longer spikes. Unsurpassed among rose pinks.

**Yellow Giant.** Deep rich yellow. Very striking and attractive.

**Price any color or mixed:** 1/8 oz. 35c; 1/4 oz. 60c; Oz. \$2.00.

### Bronze

**Afterglow.** A deep golden orange, popular with practically every grower. Tr. Pkt. \$1.00; 3 Pkts. \$2.50.

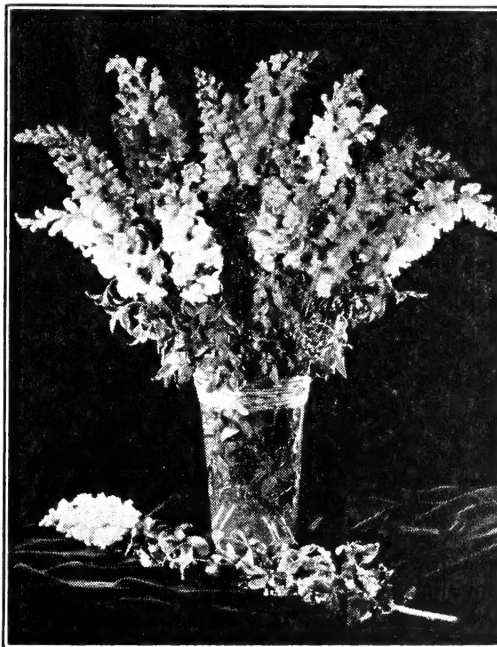

**Bronze Christmas Cheer.** (Schlegel) Early rich bronze deeper in tone than Sun Tan with the same blooming habits as Christmas Cheer. Spikes medium length but compact. Tr. Pkt. \$2.00; 3 for \$5.00.

**Salmon Gold.** (Windmill) Resembles Glorious but with softer color tones. An early type that will bloom when Glorious does not. Excellent form and good stem. Tr. Pkt. \$2.00; 3 Pkts. \$5.00.

**Sun Tan.** Extra early free flowering, orange-tan. Tr. Pkt. \$1.00; 3 Pkts. \$2.50.

**Talisman.** (Windmill) Double and semi-double blossoms in golden and bronze shades, early and continuous blooming. The dainty spikes harmonize with most other flowers, making a fine variety for retail growers. Tr. Pkt. \$2.00; 3 Pkts. \$5.00.

**Windmill's Glorious.** An early selection of this fine deep scarlet bronze that comes into bloom about one month earlier than the original strain. Producing a good cutting in mid-February on good strong stems. Flowers large and closely set on spike. Tr. Pkt. \$1.00; 3 for \$2.50.

### Rust-Proof Majestic Types

We highly recommend this class for bedding plants. The blooms are as large as the Maximum type but do not grow as tall and, therefore, do not require supports.

**Autumn Glow.** Beautiful old rose strongly suffused amber and with a golden lip.

**Harmony.** Harmonious blending of terracotta and yellow shaded with rose pink.

**Maiden Blush.** Lovely fawn colored buds opening to a beautiful rich blush pink.

**Orange Gold.** Marvelous shades of rose deeply overlaid tangerine or golden orange.

**Royal Crimson.** Deep rich velvety garnet crimson, flower and tube of one solid color.

**Mixed Colors.** Fine blend of above colors.

**Price any color or Mixed:** 1/8 oz. 25c; 1/4 oz. 45c; 1/2 oz. \$1.50.

### Yellow

**Ceylon Court.** The standard early flowering yellow. Tr. Pkt. \$1.00; 3 Pkts. \$2.50.

**Cheviot Maid Yellow.** (Volz) Very popular clear yellow, good spikes on good strong stems. Winter flowering sort. Tr. Pkt. \$1.00; 3 Pkts. \$2.50.

**Ethel.** (Kramer) A very fine new bright yellow, large flowers, good strong stems and easy grower. Its well formed heads of closely placed blooms are shatter-proof and develop early. Tr. Pkt. \$1.50; 3 Pkts. \$4.00.

**Roman Gold.** A deep yellow suffused with copper and pink. Late blooming. Tr. Pkt. \$1.00; 3 Pkts. \$2.50.

**Schlegel's Early Yellow.** A bright lively yellow with the same habit of growth and bloom as Schlegel's Early White except in being about one week later in coming into bloom. A fine winter bloomer. Tr. Pkt. \$1.50; 3 for \$4.00.

### White

**Lucky Strike.** Considered the finest white. Will not shatter. Tr. Pkt. \$1.00; 3 Pkts. \$2.50.

**Schlegel's Early White.** The finest early and all-season White we have yet seen. A vigorous grower without grassy growth, a sure cropper, an early and continuous bloomer with shatter-proof spikes that do not blind off. Tr. Pkt. \$1.50; 3 for \$4.00.

**Early Snowwhite.** (Windmill) An improved strain of the popular Snowwhite that blooms with the first earlies. Fine stiffer stems and shatter-proof spikes. Tr. Pkt. \$2.00; 3 for \$5.00.

**Windmill's White Wonder.** A very careful selection of this fine White that comes nearly 100% true. A very good producer of excellent quality spikes that develop early. Now among the top-notch white Snaps. Tr. Pkt. \$1.00; 3 for \$2.50.

### Lavender

**Bertha Baur.** A new shade of lavender, should be sown early. Tr. Pkt. \$1.00; 3 Pkts. \$2.50.

**Orchid Beauty.** Unusual orchid and bronze. Tr. Pkt. \$1.00; 3 Pkts. \$2.50.

**Windmill's Lilac.** A true Florist's orchid, early, productive, non-lateral, and non-shattering. An exceptionally fine variety and a cut flower of exceptional value. Tr. Pkt. \$1.00; 3 Pkts. \$2.50.

### Rust-Proof Majus Types

The Majus Grandiflorum class produce fine spikes of flowers 8 to 10 inches in length on plants which average 2 to 2 1/2 feet in height. The individual flowers are of the Grandiflorum or large flowered type.

**Autumn Glow.** Beautiful old rose suffused amber and with a rich golden lip which adds a most pleasing color blend.

**Brilliant Rose.** The true rose pink tone of a marvelous richness and brilliancy.

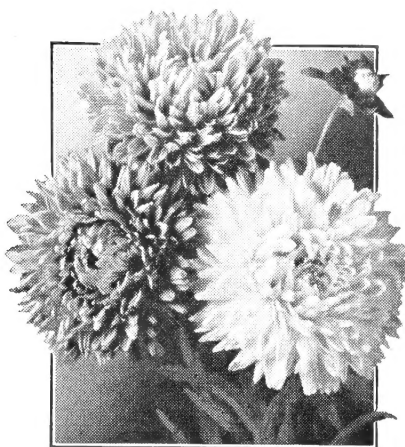

**Harmony.** A beautiful blending of terracotta and yellow with a delicat shading of rose.

**Orange Shades.** Shades of orange which range from the rich deep tones to the lighter and more delicate shades of orange.

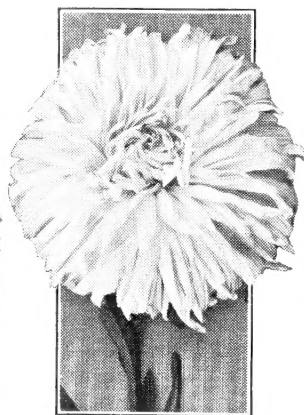

**Yellow Jacket.** Rich deep yellow of a clear and clean tone. Very striking.

**Price any color or Mixed:** 1/8 oz. 30c; 1/4 oz. 45c; Oz. \$1.50.

# TEMPLIN-BRADLEY'S PANSIES

## Roggli's Swiss Giants

Our discovery of the Roggli Swiss Giant Pansies in Switzerland in 1928 and the introduction of this class, has won us many friends in the florist trade. The beauty and size offer the grower every opportunity to grow the finest flowers for higher price and better profit. The color shades, the size of bloom, and length of stems far surpass other high class varieties.

### Roggli's DeLuxe Strain

A splendid mixture of all the best colors. **Tr. Pkt. 75c; 1/16 oz. 90c; 1/8 oz. \$1.60; 1/4 oz. \$3.00; 1/2 oz. \$5.00; Oz. \$9.00.**

### Roggli's Separate Colors

**Alp glow.** Rich scarlet and crimson with darker markings.

**Berna.** Dark Violet Blue.

**Thunersee.** Deep blue with blotches of dark blue.

**Rheingold.** Rich golden yellow with brown blotches.

**Grandiflora Tall.** **1/8 oz. 15c; 1/4 oz. 25c; Oz. 75c.**

**Grandiflora Dwarf.** An equally fine range of color and flowers of equal size to the tall variety but produced on plants considerably more dwarf and bushy. A decided improvement. **1/8 oz. 40c; 1/4 oz. 75c; Oz. \$2.50.**

## Saponaria

**Multiflora Scarlet Queen.** Plants of dwarf compact growth bearing many bright scarlet flowers all summer. **1/4 oz. 15c; Oz. 45c.**

**Vaccaria Rose.** Used much as Gypsophila.

**Vaccaria White.** Pure white form.

**Either Color: Oz. 15c; 1/4 lb. 50c; lb. \$1.50.**

## Supreme Basket Mixture

For several years we have made a careful study, among the pansy plant growers, of what would be most popular in a basket mixture for the retail trade. The lighter shades dominate this mixture, which in contrast to the huge flowers of the darker shades, are bound to make the blend popular. **Tr. Pkt. 50c; 1/16 oz. 90c; 1/8 oz. \$1.50; 1/4 oz. \$2.75; 1/2 oz. \$5.25; Oz. \$10.00.**

## HORMODIN POWDER

Hormodin Powder contains the hormone-like plant growth substance that stimulates rapid root growth on cuttings, making it possible to propagate practically all varieties of plants from cuttings. Because Hormodin Powder induces roots to grow even from tissue which does not normally produce roots, cuttings may be taken with less regard to buds or nodes. Cuttings treated with Hormodin Powder root quicker and have more growing roots per cutting.

### Hormodin Prices

**Powder No. 1.** For use on carnations, chrysanthemums, poinsettias, roses and similar types. 1¾ oz. can 50c; 1 lb. \$3.00.

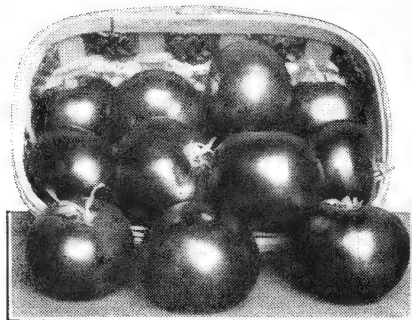

**Powder No. 2.** For use on less sensitive species, which comprise many of the semi-woody types and many of the common shrubs. 1¾ oz. can 75c; 1 lb. \$4.50.

**Powder No. 3.** For use with the more resistant species which comprise most evergreens and dormant leafless cuttings. 1 oz. can \$1.00; ½ lb. \$4.50.

# BEST VEGETABLE VARIETIES FOR PLANT SALES

Tomato, Acme

Vegetable plant growing may become a very profitable part of every florist's endeavors. Nearly every section of the country has many home gardeners who grow vegetables as well as flowers but who have not the facilities for growing early plants and must therefore depend on their best local source of supply for started plants. A few flats of vegetable plants do not take any great amount of space in the greenhouse and may be turned into cash income by selling to those who come to you for their flower plants this spring. Use the best seed, they are the best and cheapest in the end.

## Templin-Bradley PLANT BANDS

*Do A Better Job of Growing Plants  
Than Clay Pots Do*

**EASILY SET UP.** Bands come to you packed flat. Each band is scored for easy folding and the ends are slotted as shown in the cut. When folded and these slots interlocked the band is held firmly together and in shape. We have seen no other bands that can be set up so easily and rapidly and that hold their shape so well until filled as do these bands. No stapling or tacking is necessary.

**BETTER FOR THE PLANT.** Because of the accurate cutting of these bands and their shapeliness they fit snugly together in the flats or on the bench and maintain a uniform moisture condition that is impossible with clay pots. Even when spaced on the bench they do not dry out as rapidly as clay pots. The added amount of soil in the band over the amount in an equal sized round pot gives the plants much more root area and promotes a greater development.

**MAKE MORE SATISFIED CUSTOMERS.** When in bands the plants reach the buyers home in much better condition because the outside roots are not dried out and dead. They can be moistened by the buyer before setting without washing the soil from the roots. The bands are simply unwrapped from the plant and the plants set into the garden without any check in their growth.

### Prices on Wood Plant Bands

# FERTILIZERS FOR FLORISTS

## Plant Foods for the Duration

Because of the importance of Chemical Nitrogens in the war effort it has been necessary for the War Production Board to place certain restrictions on the use of these materials in the manufacture of fertilizers. These restrictions have made it necessary to vary the analysis of some of the complete plant foods, to use nitrogen from organic sources rather than chemical or to eliminate partially or completely from this use some materials that growers have come to rely on in the production of their crops.

Until all these conditions have been completely worked out it is impossible to quote firm prices.

We, however, can assure you that we shall at all times be in a position to advise you of the existing conditions relative to your individual uses of these materials and will be very glad to help you work out your plant food problems.

We shall have in stock, for your use, the fertilizers needed for the production of your crops, whenever they are available under the War Production Board Conservation orders, and shall be happy to supply your needs at the lowest existing prices.

**Acid Phosphate (20%).** Packed in 80 lb. bags.

**Adco.** Adco quickly converts all sorts of non-woody plant refuse into artificial manure. Plants, vines, cuttings and trimmings, leaves and grass clippings should be saved.

**Aluminum Sulfate.** An excellent material to use for Rhododendrons and other broad leaved Evergreens.

**Ashes, Hardwood Unleached.** A good source of potash and a soil conditioner.

**Cattle Manure, Shredded (2-1-2).** Especially suited to soil mixing, mulching and liquid manuring.

**Charcoal Powdered.** 50 lb. sacks.

**Gard-N-Gro. (4-12-4)** A fine all round plant food about 50% organic.

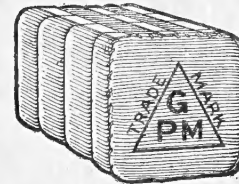

**Magnesium Sulphate.** Best source of Magnesium for plant use and to correct soil deficiency.

**Manganese Sulphate.** A much needed element for the sturdy growth and healthful vigor of plants. Much soil is now deficient in this element.

**Milorganite.** Milorganite is high in long-lasting organic nitrogen that promotes long-lasting leaf growth, with ample phosphoric acid to encourage roots, and is abundantly supplied with the rarer elements of plant food now deemed vital.

## Horticultural Peat Moss

### Fine-Granulated Horticultural Grade.

This Peat Moss has been machine granulated and therefore you are buying 100% usable material and not sticks, stones and worthless fiber. Also the easiest to work with because of its uniform granulation. The cheapest in the end.

Ask for prices on whatever quantity you will use.

**Sheep Manure Pulverized (2-1-2).** For garden, lawn and greenhouse use sheep manure; is very efficient. Easily handled and gives quick results. 50 lb. bags.

**Super-Phosphate. (20%).** Packed in 80 lb. bags.

**Triple XXX Soil-Bu-Der (6-10-4).** A uniformly balanced ration of organic and chemical plant foods so that it is beneficial over a long period.

**Vigoro, Swifts.** Excellent concentrated fertilizer for all crops. Not merely a stimulant as it benefits crops over a long period.

**Lime, Agricultural.** Very high grade. Packed in 50 lb. paper bags.
